Electronic Treatment Registration

August 1, 2017, Brick, NJ – Today, Seashore Family Services of New Jersey (SFSNJ) announced an expedited application service for admissions. The patients / clients would be able to apply for services and financial assistance via the agency web site: www.seashorefamilyservices.org “Our new service will expedite admission to the agency as well as facilitate the clients’ admission to the program.” said Roberto Flecha, MA, MBA, LCADC, Executive Director of SFSNJ. “Our clients have been expressing concerns about the admission process and the multiple visits prior to attend services. The online application will facilitate the clients’ request for services and allow the admission staff to respond within 24 hours via phone, email or text. The admission counselor would be able to screen the clients to assure they would be receiving the necessary services as well as to complete the financial assistance requests.”

First established as Brick Outreach and Toms River Outreach centers in April 1977, Seashore Family Services of NJ has enjoyed a long-standing reputation as the best family, marital and individual counseling services specializing in addiction, trauma and adolescent counseling issues in the area.

“Our clients deserve a more effective service for admissions to assure that they receive the services when needed”.
